Fort Worth Audubon Society Grant Application

Thank you for your interest in the grant program offered by the Fort Worth Audubon Society (FWAS). FWAS funding is intended to assist individuals, groups or organizations with the cost of a project related to the mission statement of the FWAS: ***to promote awareness, appreciation and understanding of birds and other wildlife while preserving and protecting their natural habitats.*** Projects must be contained within the state of Texas; preference will be given to projects within North Central Texas.

FWAS has a limited amount of money for grants, which typically range from \$500 to \$5,000. FWAS will consider partially funding grants, as well as matching funds of other grants. FWAS grant recipients are required to submit a final report of the funded work, including a description of project activities and an accounting of funds spent. If a project is funded in installments, an interim report must be filed to obtain the next installment.
